Northbound driving lane of US Highway 83 north of Coleharbor temporarily closed for maintenance

The North Dakota Department of Transportation (NDDOT) has temporarily closed the northbound driving lane on US Hwy 83, four miles north of Coleharbor on the Snake Creek embankment until further notice. The northbound roadway will be reduced to a single lane while crews work to repair the roadway. Traffic is still allowed to travel in the northbound passing lane at reduced speeds.

During the project

- Traffic is reduced to a single lane
- Traffic speeds are reduced

Motorists are asked to use caution while traveling through the construction zone as workers may be present.
